

# SPECTRUM 2719 | 2.7 MATURITY

## SOYBEAN PROFILE

### PLACEMENT CONSIDERATIONS

- Exceptional performance on your no-till acres
- Best seller for three straight seasons thanks to flexible placement

### AGRONOMIC FEATURES

- Exceptional standability
- Great late season lodging scores

### MANAGEMENT RECOMMENDATIONS

- Does well in 30" rows, yield optimized in sub-30" rows
- Prefers a higher average population
- Low to medium response to fungicide

### RATINGS
