

# SPECTRUM NON GMO

## PLACEMENT CONSIDERATIONS

- Strong performance across soils and yield levels.
- Works in corn after corn situations.

## AGRONOMIC FEATURES

- Consistent ears with excellent tip fill.
- Fast emergence and early growth.

## MANAGEMENT RECOMMENDATIONS

- Manage if Gray Leaf Spot has been an issue.
- Keep populations up.

## RATINGS

| PLACEMENT       |   |
|-----------------|---|
| SILTY LOAM      | 9 |
| CLAY            | 9 |
| SAND            | 8 |
| NARROW ROWS     | 8 |
